

June 2018 Newsletter – God’s 20/20 Vision

We are approaching the Year Three anniversary of our move from Port Orchard, Washington to Colorado Springs. . .three years since the conception and formation of Redeemed Seasons Ministries. Wow! We’ve covered a lot of ground in just 36 months.

One thing, among many, we’ve come to grasp in this experience is that God has perfect vision. We often see only a step or two down the path, but God sees the entirety of the way forward. We only imagine what lies ahead, but He patiently and lovingly steers us, if we let Him, to the places and through the experiences He knows are perfect for us and for His plans for the Kingdom.

As we look back on our journey with RSM, we see and appreciate how God has guided our steps, faltering and reluctant though they sometimes were, to form our ministry and to form our hearts to be exactly where He wants us to be at this particular moment. We accept and embrace that He will likely have us in different places in the seasons ahead, but for now, we are delighting in the amazing circumstances of the journey to date.

As you read below about what’s new with RSM, consider God’s vision. He has guided our journey, knowing exactly what we have needed: the places where our faith needed reinforcement, the spaces in our hearts that needed attention, the experiences of community that our ministry needed for stability and grounding, and the refinements of mission that we needed so RSM could be perfectly tuned to the giftings and deep passions that God has grown in us.

What’s Next for FORGE

Coming out of our second offering of the FORGE discipleship experience, we are seeing that it is time to migrate the FORGE content into a format that can accommodate a variety of formational settings: from individual devotional engagement to small group experiences to church-wide discipleship programs.

Thus, we are transforming the FORGE content to a book format entitled ***Beyond Rescue: Embracing Your Reclaimed Heart***. Our vision for the book includes not only the teaching materials from FORGE, expanded significantly for reading, but also the contemplative experiences and the discussion content that have made the FORGE experience so powerful.

Please be praying for inspiration and focus as we work to complete this book by the end of Summer 2018. Please pray for financial and publishing support on the project.
